Dear Sir/Madam:

Pursuant to Indiana Access to Public Records Act (IAPRA), Indiana Code (IC) 5-14-3, I would like to respectfully request any and all documents (as defined by IC 5-14-3-2(n)), regarding contamination, or possible contamination of lead for the former American Lead located at 2102 Hillside Avenue, Indianapolis, Marion County, Indiana and all properties evaluated in the surrounding areas of the former American Lead location. I would like to request the public documents below, include, but not be limited to the following:

1. All documents and records regarding the chemical analyses or other evaluations (assessments/screenings/scorings, etc.) for lead in soils by the Indiana Department of Environment Management (IDEM) and the United States Environmental Protection Agency (USEPA), Region V, Chicago, Illinois, for the years 1999 through 2012, including any follow up or subsequent reassessments/screenings/scorings, etc., for lead contamination after the February 2, 2005 Administrative Order of Consent ("Order"), Docket No. V-W '05-C-805.
2. All documents and records regarding the chemical analyses or other evaluations (assessments/screenings/scorings, etc.), for lead in soils by the United States Environmental Protection Agency (USEPA) that may also be filed with IDEM. Specifically, the "Confirmation Sampling Analysis", for lead, as specified in Section VIII. 25. e. of the above referenced "Order", as well as any sampling analyses for the six (6) inch and/or one (1) foot cleanup levels in residential properties, or up to two (2) foot level in "garden and play" soils, as specified by Section VIII. 25. f, of the Order.

Please provide public records as they become available. For any responsive record withheld pursuant to the IAPRA exemption, please provide a general description of the record's contents, including information about its creation, such as place, time date and identify the exemption as to why the exemption applies.

Thank you for your prompt attention to this request. Should you have any questions, please do not hesitate to contact me.

Very truly yours,
